SUN TECH

SUN-TECH I.T. SOLUTIONS LIMITED

Infrared interactive whiteboard, FOR EASY LEARNING

Physical Specifications

MODEL	TE-82FTW
SIZE	82 Inch
TECHNOLOGY	Infrared
OUTLINE DIMENSION	1757*1101mm
ACTIVE SIZE	1660* 1004mm
ASPECT RATIO	16:10

Technology Specifications

SCREEN TYPE	Steel nano
FRAME TYPE	Aluminum Frame
TOUCH TYPE	Fingers, pens or other opaque objects
TOUCHING POINTS	10 Points, 10 Users writing
DATA PORT	USB, Wireless optional
SCANNING FORM	AUTO
POSITION ACCURACY	≤0.1mm
TOUCH RESOLUTION	32768x32768
CURSOR SPEED	≥125 dots/second
TRANSFERRING RATE	12m/s
SCANNING RATE	First point 25ms, Consecutive points 8ms
TOUCH SPOT LIFE	Over 60,000,000 Times single spot touch
MOUNT	Wall Mount
CERTIFICATE	CE, ROHS, FCC

Unit B1, 12/F, Galaxy Factory Building, 25 & 27 Luk Hop Street, San Po Kong, Kowloon, Hong Kong Tel: (852) 2783 0868 Fax: (852) 2780 6644

SUN TECH

SUN-TECH I.T. SOLUTIONS LIMITED

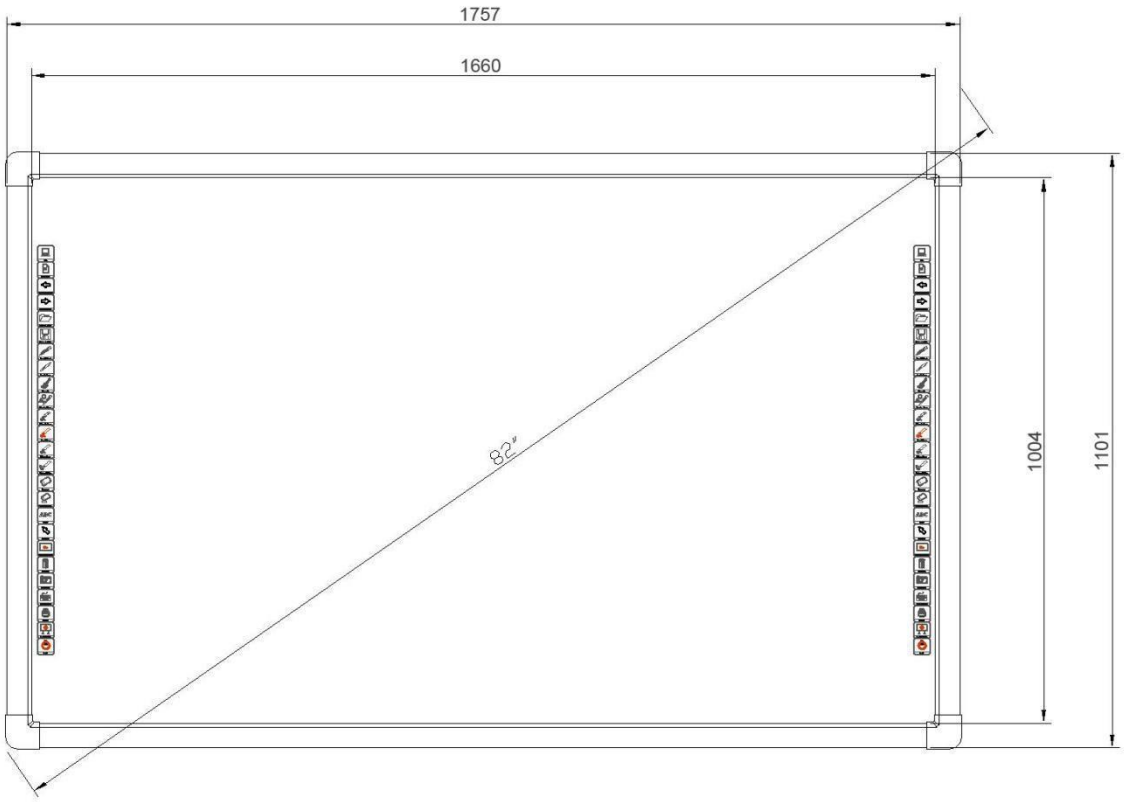
Infrared interactive whiteboard, FOR EASY LEARNING

Power Supply

POWER SUPPLY	USB
WORKING VOLTAGE	DC4.6V ~ DC 5V
WORKING CURRENT	≤ 200 mA
POWER CONSUMPTION	≤1 W

Physical Dimensions

ACCESSORIES	1 pointer, 4 pens, USB cable, wall mount, CD, manual
WARRANTY	1 Year



Unit B1, 12/F, Galaxy Factory Building, 25 & 27 Luk Hop Street, San Po Kong, Kowloon, Hong Kong Tel: (852) 2783 0868 Fax: (852) 2780 6644

Infrared interactive whiteboard, FOR EASY LEARNING

Core Value

1. High quality PCB and electronic components, IWB can support Water-proof and dust-proof.
2. Stability with high precision on harsh working environment.
3. No need driver on large size board. Plug in and it is touchable.
4. Low power consumption. Large size board power only need 200ma.
5. 10 points touch, 10 students fluent writing with 10 different colors at the same time.
6. Functional software. Easy to operate. Updated from time to time.
7. Quality guarantee. 1 year warranty. Easy to maintenance.
