To pray for prosperous business & good health, Chinese generally shall have gathering with families and peers in the Lunar New Year as tradition. To welcome the Year of the Tiger, Sun-Tech International Group Limited and e.Energy Lighting Limited had jointly held a Spring Dinner with colleagues, business associates and partners on 5th March 2010.

Enjoyable Spring Dinner

In the Spring Dinner, everyone enjoyed delicious Chinese dishes and experienced a wonderful night. It is our honor that Mr. Richard Yan, President & Executive Director shared an encouraging speech & the future development of Sun-Tech Group with colleagues. With clear corporate directions, we firmly believe that Sun-Tech shall enter next evolutionary stage and have a remarkable development in 2010. More importantly, every colleague had been given a big Chinese "Hongbao" (red pocket lucky money) for having a good start of the year.

Insights of Digital Education

The Year of the Tiger must be a good year for ICT education development. Most countries are recovering from the impact of global financial crisis. And larger proportion of fiscal budget has planned to use for bettering the standard of education. As per market studies we conducted, most grants shall be put in equipment procurements to improve classroom environment. To boost the change of digital education, Sun-Tech is going to launch below promotional scheme in 2nd quarter of 2010. We do hope every user could enjoy benefits offered and find our solutions helpful in enhancement of teaching efficiency by adopting our advanced technology.
